DECIDES NOT TO WITHDRAW

President Has No Intention of Recalling Troops in Mexico at Present

ANNOUNCEMENT BY SECRETARY BAKER

Expedition to Remain Until Carranza Proves He Can Crush Villa — Plans Made for a Redispotion of the American Forces.

WASHINGTON, April 24. — American troops are to remain in Mexico indefinitely. This was determined yesterday, when President Wilson approved a recommendation made by Major Gen. Funston for a redispotion of the forces composing the American punitive expedition. The purpose of this redispotion of the forces is to enable the expedition to reorganize and strengthen itself for the second stage of the military project, which has for its sole purpose the capture of Villa and dispersal of his forces. There is no intention for the present to withdraw our forces from Mexican soil. It is evident that the international situation has become very delicate.

General Funston's recommendation for a redispotion of the forces in Mexico was approved by Major Gen. Hugh L. Scott, chief of staff of the army, at his conference with General Funston Saturday at San Antonio, and was submitted in a long joint report, signed by Generals Scott and Funston, which arrived at the war department by telegram several hours before daylight yesterday.

The report was considered by Major Gen. Tasker L. Bliss, Assistant Chief of Staff, acting during General Scott's absence, and was approved by General Bliss, officers of the general staff, and by Secretary Baker before it received the sanction of President Wilson at an early morning conference at the White House between the President and the secretary of war.

Orders were sent to General Funston fully approving his recommendations and leaving their execution to his discretion. The decision of the President was made public by Secretary Baker in the following statement:

"General Funston recommends a redispotion of the forces in Mexico for the purpose of recuperation and pending opportunity for further cooperation with the force of the de facto government of Mexico. His recommendation has been approved and its execution left to his discretion."

Secretary Baker declined to expand this statement. He said he felt it was obvious that for military reasons he should not make any disclosure at this time regarding the details of the plan.

Mr. Higgins and the boy, who was about 14 years of age, were thrown from the carriage by the shock but the woman remained in the buggy, which was badly broken up. Mrs. Higgins was injured about the face and arms and internally and one tooth was broken.

AUTO OVER EMBANKMENT.
Rutland Man Seriously Injured in an Accident Near Lyndonville.
ST. JOHNSBURY, April 24. — Edward Connell, secretary to State Fish and Game Commissioner John W. Titcomb, was severely injured Saturday night when an automobile, in which

posed redispotion of the forces. He declined to say whether the plan involved changing the main base on the border or the establishment of a new, shorter, and more direct line of supply and communication from Ojinaga or some other point on the Texas boundary.

Before leaving the war department last night, however, Secretary Baker, in response to inquiries, dictated this statement as a supplement to his earlier announcement.

The statement made indicates nothing whatever on the subject of the time of the withdrawal of the American troops. The whole subject of their presence in Mexico is under arrangement and negotiations conducted by the state department. There is no present intention of withdrawing the troops from Mexico.

To Police Bandit Area.

Behind the formal announcements there was a plain intimation that the Washington government had determined to maintain a military status quo beyond the border until the Mexican de facto government has demonstrated its ability to capture or crush Villa and his adherents and prevent repetitions of the Columbus raid.

In the interim, it is understood, the American troops will be so placed as to safeguard the border towns by virtually policing the area south of the boundary in which General Carranza has been unable to check bandit operations.

The new military plan frees General Funston's hands to make the position of the forces in Mexico secure by grouping them in posts of such strength as to protect them from attack by irresponsible elements of the de facto government's forces. It will also serve as a plain warning to General Carranza that he must bend every effort toward getting complete control of the territory south of the most advanced American post if he hopes to have the troops recalled.

CZAR HURT WHEN FLIER DROPPED BOMBS

Was on a Southern Sector of the Line When Austrian Airman Made an Attack.

BERLIN, April 24. — A narrow escape for Emperor Nicholas of Russia from death or serious injury by bombs dropped by an Austrian airman during a recent visit of the emperor to a southern sector of the Russian line is reported in Stockholm advices received by the Overseas News Agency.

"The Emperor was reviewing the troops with Gen. Brussloff, commander of the Russian forces on the southwestern front, when suddenly an Austro-Hungarian flier appeared and dropped numerous bombs, which landed among the troops, who fled in wild disorder," says the news agency statement. "The Emperor, according to the reports, was hurt and had a narrow escape, the incident causing him entirely to lose his self-possession."

"In consequence," the reports add, Gen. Brussloff was bitterly reproached and Gen. Ivanoff was recalled to the southwestern front headquarters."

IRA WOMAN INJURED.

Carriage Struck by an Auto at Center Rutland Saturday.

RUTLAND, April 24. — Mrs. Charles Higgins of North Ira received serious internal injuries Saturday evening when the carriage in which she was riding with her husband and a young boy was struck by a taxicab driven by Dennis Noonan of Proctor at a point in the road immediately opposite the home of George R. Bliss at Center Rutland. The accident occurred about 8 o'clock and persons who witnessed the collision state that the auto-bus was on the wrong side of the road. Dr. Bradford C. Powers was immediately summoned, arriving about 10 minutes after the call. The woman, in an unconscious condition, was taken to the Bliss house and later to her home in Ira. The man and boy were not hurt.

Mr. Higgins and the boy, who was about 14 years of age, were thrown from the carriage by the shock but the woman remained in the buggy, which was badly broken up. Mrs. Higgins was injured about the face and arms and internally and one tooth was broken.
